

271 Hand Cleaner

DESCRIPTION

271, the new lotion hand cleaner with a cream base is to be used wherever individual health and safety are of primary importance. **271** removes even the most stubborn grease and grime, thoroughly yet gently. Used with or without water, **271** removes grease, tar, grime, carbon, black ink, adhesives and oils. **271** contains lanolin to add moisture that conditions the skin while it cleans the hands.

FEATURES

- Use with or without water
- Removes grease, tar, grime, carbon, ink, adhesives and oils
- Contains lanolin to add needed moisture to condition skin

HOW TO USE

Apply a small amount of **271** to hands. Work in well until all dirt and grime is dissolved and loose. Use with or without water.
