

### DIRECTIONS

For Floors: Add 4-8oz. of 221 to each gallon of water needed. Mop floor surface with prepared solution- if residual cleaning/deodorizing action is desired do not rinse. For walls and other hard surfaces: Add 8-12oz. of 211 for each gallon of water needed and spray directly on the surface to be cleaned/deodorized. Use mechanical action for heavy soiled areas to loosen deposits. For large areas: Pressurized spray equipment can be used- Dilute 6-8 oz. of 221 per gallon of water.

### CAUTION

PLEASE REFER TO THE MSDS SHEETS FOR MORE DETAILED PRECAUTIONARY MEASURES, HANDLING INSTRUCTIONS AND EMERGENCY PROCEDURES.

### FIRST- AID

EYES - flush with copious amounts of water lifting lids and removing contact lenses to ensure complete irrigation - get medical attention. SKIN - flush with water and then wash with soap and water, launder contaminated clothing before reuse - get medical attention if irritation persists. INHALATION - remove to fresh air INGESTION give several glasses of water or milk to dilute product- get medical attention immediately

Biological cleaner  
Deodorizer

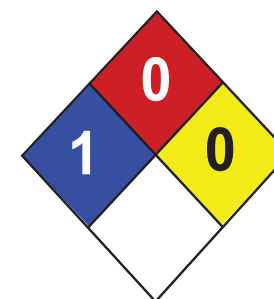

Cleans and deodorizes with biochemical action

Contains nature's own waste degraders

Friendly bacteria multiply upon application

Provides residual odor control

Works in hard to reach areas
